RAHUL NEGI

Data Engineer | Databricks Certified Professional

+91 75349 25201 | rahull.negii1@gmail.com | linkedin.com/in/rahulnegi1 | github.com/rahulnegi001 | Dehradun, India

PROFESSIONAL SUMMARY

Databricks Certified Data Engineer Professional with 2.9+ years designing production-grade ETL/ELT pipelines on Medallion Lakehouse architectures across Microsoft Azure and AWS. Expertise in large-scale legacy migrations (AOH → DNA, Cloudera → Databricks), Delta Lake, Unity Catalog, real-time streaming (Apache Kafka), and CI/CD via Azure DevOps and Databricks Asset Bundles (DABs). Delivered 100% DQ scores, 40% query latency reduction, and scalable analytics for Mars Inc., Snapdeal, PayU, and Battery Smart.

SKILLS

Languages & Query: Python, SQL, MySQL, Databricks SQL

Cloud Platforms: Microsoft Azure (ADLS, ADF, Azure DevOps, Logic Apps) | AWS (S3, Redshift, Lambda, Athena)

Big Data: Apache Spark, PySpark, Azure Databricks, Apache Kafka, Hadoop, Delta Lake, Unity Catalog

Data Warehousing: Amazon Redshift, Google BigQuery, Snowflake, Databricks SQL Warehouse

ETL & Orchestration: Apache Airflow, Databricks Workflows, Auto Loader, Delta Live Tables (DLT), Azure Data Factory (ADF)

CI/CD & DevOps: Azure DevOps, Databricks Asset Bundles (DABs), Git, MkDocs, ServiceNow

DQ & Governance: DQX, Data Pulse, Unity Catalog, Schema Validation, SCD Type 1 & 2, Deduplication, Metadata-Driven Pipelines

Visualization: Microsoft Power BI, Pandas, NumPy, Matplotlib

WORK EXPERIENCE

Data Engineer | Aays Analytics | Dehradun, India | Sep 2025 – Present

Client: Mars Inc. | AOH → DNA Architecture Migration (Simpel Framework 2.0)

- Migrated 6 production dashboards from legacy AOH (ADF + Logic Apps + Hive Metastore) to DNA using Simpel Framework 2.0 — reducing technical debt by 45%.
- Converted 32+ ADF pipelines to Databricks Workflows; modularized 90+ notebooks via DABs and Azure DevOps CI/CD — improving reusability 60%, cutting deployment time 25%.
- Migrated 80+ Hive Metastore tables to Unity Catalog (Parquet, CSV, JSON → governed Delta Lake); executed UAT reconciliation with zero ramp-up delay.

Client: Mars Inc. | Mexico Retail Execution — Bronze–Silver–Gold Pipeline

- Reconciled 2 years of historical enterprise data into Databricks Unity Catalog; replicated 21+ pages of legacy Frog Data and SFA dashboards for full reporting parity.
- Built 15+ Bronze-layer tables (SCD Type 2, watermarking, incremental) from Salesforce data; 6 Silver-layer tables with advanced transformation and deduplication logic.
- Deployed end-to-end Databricks Workflows (Bronze/Silver/Gold) via DABs + Azure DevOps CI/CD; integrated DQX and Data Pulse — maintaining >90% Data Quality scores in Unity Catalog.

Data Engineer | Digivate Labs Pvt Ltd | Gurugram, India (Remote) | Sep 2023 – Aug 2025

- Led Cloudera / Redshift / Vertica → Azure Databricks migration: 40% latency reduction, 3× throughput gain; built 20+ ELT pipelines (Kafka, Debezium CDC, PySpark, Auto Loader) — 50+ TB/month at 99.9% uptime.
- Converted 50+ MapReduce jobs to PySpark; improved SQL Warehouse performance 30% via indexing/partitioning; automated CI/CD and Airflow DAG deployments — 40% faster deploys, 25% fewer errors.
- Snapdeal: Migrated 35+ TB (S3) and 10,000+ tables (Vertica → Delta Lake) — 35% query gain, 28% cost reduction; real-time serving via Aerospike with Log4j/Slack monitoring.
- PayU: Ported 10+ Airflow scripts to Databricks Workflows with Z-ordering and DataFrame caching — cut execution 4 hrs → 2.5 hrs; 99.5% reliability via exponential retry + Slack alerting.

Data Science Intern | AllHeart Web Pvt Ltd | Chandigarh, India | Jun 2023 – Aug 2023

- Preprocessed 500K+ records via Linux Bash + Python (Pandas) — 30% faster preprocessing; built automated pipelines for Google Business Listings extraction with text classification on GCP Cloud Run.

EDUCATION & CERTIFICATIONS

M.Sc. in Data Science | Chandigarh University | Mohali, Punjab, India

B.Sc. | H.N.B. Garhwal University | Dehradun, Uttarakhand, India

- Databricks Certified Data Engineer Professional
- Databricks Data Lakehouse Fundamentals
- Databricks Certified Data Engineer Associate
- SnowPro Associate: Platform Certification
